## PROJECT OF THE YEAR IS THE PEOPLE'S CHOICE AT 2011 CARE AWARDS

VICTORIA – Windward Oaks, a Maclure-style, ocean-front home by M. Knight Construction Ltd. was the judges' favourite and the people's choice at the 2011 CARE Awards (Construction Achievements and Renovations of Excellence), attended by 300 builders trades and suppliers at the Fairmont Empress Hotel the evening of Friday, Sept 16.

Windward Oaks won seven Gold CARE Awards including *Project of the Year – Single Family*, in addition to the *People's Choice Award*. The People's Choice Award is chosen by consumers casting ballots for their favourite CARE Awards project on display during the summer at Mayfair Shopping Centre, Hillside Centre, and online at [www.careawards.com](http://www.careawards.com).

*Project of the Year- Multi-Family/Mixed/Use Commercial* was won by Thornbridge at Longwood, a development by InSight Holdings Ltd. which also won Best Multi-Family/Townhouse Project and Best Overall Marketing Campaign.

"This year's CARE Awards marks the 20<sup>th</sup> anniversary of celebrating excellence in home building on Vancouver Island," says Ron Egli, Chair of the 2011 CARE Awards. "Congratulations to all of the Gold winners and Finalists for again displaying outstanding innovation and workmanship."

Other multiple CARE Award winners include Città Group, Jenny Martin Design, Swiftsure Woodworkers Ltd., Verity Developments Ltd, smithdesigns, Icon Developments Ltd, Method Built Homes, and The Sky is the Limit Design.

*Built Green™ BC Builder of the Year* was awarded to Verity Developments Ltd. for their work on environment-friendly housing, and the *Lifetime Achievement Award* went to Pat Caporale, Caporale Construction Ltd. for his efforts to promote housing affordability and education and training. Ines Hanl, The Sky is the Limit Design won the "*Building Better Futures*" *Community Award* for her volunteer work to create a Multi-Sensory Studio for children with critical illnesses at the Victoria Conservatory of Music.

"The CARE Awards is an opportunity to celebrate housing in our community, including professionalism, creative design, and sustainability," says Casey Edge, Executive Officer, CHBA-Victoria. "I invite the public to visit [www.careawards.com](http://www.careawards.com) and view these winning projects."

The Gold CARE Award winners are, in the opinion of the judges, the very best projects incorporating specific criteria including unique design, function, creative use of space, compatibility with the environment, energy efficiency, effective land use, and cost. For more information on home building professionalism, go to [www.chbavictoria.com](http://www.chbavictoria.com) and [www.chbacvi.com](http://www.chbacvi.com).
